ATTEND TO YOUR COLDS -A case of five years' anding cured by DR. KEYSER'S PECTORAL SYRUP.

Perrasunga, Jan. 11, 1860 Prevalency, Jan. 11, 1850.

Dr. Kryser:—My wife has been afficited with a bad cough and difficulty of breathing, for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case, I procured some of your Pectoral Cough Syrup. I bought, the first time, a fifty cent bottle, which relieved her vary much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the ing one dose I express my entire satisfaction with medicine, and you are at liberty to middle this nedicine, and you are at liberty to publish this if you estre to do so. WM. WILSON, Alderman Fifth Ward.

DR. KRYER: —Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribable to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person who may in any manner be afflicted with coupts, colds and hoarseness of any hind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold. I have been, more or less, in my life, affected with the

I have been, more or leas, in my life, affected with the severest of colds and hourseness. At times my throat would become so clused as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best remedy I ever found, purporting to core the above, nor should any family be without this remedy for diseases so prevalent.

READ THE TRUTH.—Drs. Keyses: I have a daughter who has taken several medicines for a bad cough ter who has taken several mentance for a decody, without benefit—among them Ager's Cherry Pectoral.—
I purchased from you a bottle of your PECTORAL SYRUP, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

A GREAT CURE BY DB, KEYSER'S PECTORAL

I the state of the beat physicians in the country, and my cough continued unalated until early in October. At that time I was advised to try your PECTORAL COUGH SYRUP, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.

PATTON Tr., April 14, 1857.

A WONDERFUL CURE.—Some time ago, an old neighbor of mine was very ill, with a bad cough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pecteral Syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being aboutteighty years old. I have no doubt the Pectoral saved his life.

DR. KEYSER'S PECTORAL SYRUP IN ELAIRS DR. REYSERS PROTORAL STRUCT IN LIABLE.—Please send me another supply of your valuable "Pectoral Syrup." Almost everybody around us has the cold and are inquiring for "Dr. Reyser's Pectoral Syrup." We have sold sixteen bottles last week, and are now suffrely out. Mr. A. Alter and Mr. P. Maher, both of Blairsville, Pa., tell us they would not be without it in their families. In fact, all who use it once want it was a proceedingly. Yours, respectfully, J. S. WATTERSON & SONS, January 30, 1860.

ANOTHER NEW CERTIFICATE—DR. KEYSER'S
PECTORAL SYRUP.—I had been troubled with a cough
and cold for several weeks—so had was it that I could not
sleep. I had the advice and prescriptions from three of
the best physicians in the city, whom I could name, but do
not do so. I finally procured a bottle of your Pectoral
Syrup, which cured me entirely. Bigned.

"STOP THAT COUGHING."—'How can I do it? "Go to Keyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching periods of the year. And we can, from schual experiment, cheerfully concur in the salviser's admonition as above, for we have tried the "Pectoral," in a most stubborn case, with entire success. Near two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, mulish, unsubduable coughs we ever experienced since our advent upon this mundane sphere. We coughed steadily and isboriously for one whole week, in hopes of tiring it out, but it was no go. In fact it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the siege, we coughed our way to Keyser's, 140 Wood St.—procured a fifty cent bottle of the "Pectoral;" took it necording to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief but unequal conflict with so formidable an adversary as Keyser's famous "Cough Pectoral."—Drocurville Clipper, Dec. 14, 1859.

PHE Remedies are carefully prepared under the direct supervision and inspection of Prof. HUMPHREYS, in order to meet that great and long realized want of the public, unusely, remedies for all the more common and simple all-

namety, remedies for all the more common and sample all ments of life.

A moment's reflection will show that a vast majority of diseases from which we suffer and die, were, at their commoncement, simple and triffing. A mere coid, a slight diarrhea, a pain in the side, or a headache, or hoarseness, at first easily curred and subdued, in time becomes a consumption, a fever, a dangerous dysentery, Oroup or other disease, which all the powers of medicine fall to arrest.

Herein these remedies supply a great public want. Being on hand, simple, so you know at once what to take—pleasant, so as to cause no repugnance—safe, and hence occasioning no risk, while the curative effects are positive and certain, they are taken, and at once the spell is broken and the danger allayed.

Experience has amply confirmed the use of these remedies for families and private persons, as being the most fully and the property and private persons, as being the most fully a supplementation.

AND RELLABLE.

Thousands are and have been using them for some five years past, in every section of the country, with almost invariable success. All speak in the highest terms of their simplicity and certainty, and among our hundreds of agents the uniform testimony s, that they give good satisfaction to their customers.

THE AMALGARATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, whick is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great headache remedy, but it will soon te used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage, until they seem "native and to the manor born."

BOXBURY, MASS.

Dear Madam:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well essablished by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and, viewed in this light, it may be looked on as asfeguard intended to give notice of disease which might otherwise escape attention, till to leave which might otherwise escape attention, till to be remedied; and its indications should never be neglected. Headaches as also was diseases, and supplied and the indications and the first humor in the Eyes.

Two or three bottles are warranted to cure the worst cable in the store of the sain and the first bottle, as in the favorite sign by which nature state of the brain, and, viewed in this light, it may be l who is the unerring index.

Bridget.—Missus wants you to send her a box of Cephalic Giue; no, a bottle of Prepared Pills—but I'm thinking that's not just it naither; but perhaps ye'll be afther knowing what it is. Ye see she's nigh dead and gone with the Bick Headache, and wants some more of that same as relatived her before.

Druggist—You must mean Spalding's Cephalic Pills—Bridget.—Och | sure now and you've sed it. Here's the quarther, and give the Pills, and don't be all day about it, aither.

Constipation or Costiveness.

No one of the "many ills that flesh is hair to" is No one of the "hany his that head is many to is a prevalent, so little understood, and so much neglected as Costiveness, often originating in carelessness, or sedentary habits. It is regarded as a slight disorder, of the consequence to excite anxiety, while in reality is the precursor and companion of many of the most fatal and dangerous diseases, and unless early cradicated, will bring the anglerer to an untimely craye. Among tal and dangersus diseases, and unless early cradicated, it will bring the sufferer to an untimely grave. Among the lighter evils of which Costiveness is the usual attendant are Headache, Colic, Rheumatism, Foat Breath, Piles, and others of like nature, while a long train of frightful diseases, such as Malignant Fevers, Abresses, Dysentery, Diarrhea, Dyspeysis, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy, and Insanity, first indicate their presence in the system by this harming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cuse is cradicated in an early stage. From all these considerations, it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expet the insidious approaches of disease, and desiroy this dangerous for to human life.

A Real Blessing.

Physician.—Well, Mrs. Jones, how is that headache? Mrs. Jones.—Gone! Doctor, all gone! the pill you send to be in just twenty minutes, and I wish you would send me more, so that I can have them handy. would send me more, so that I can have them nandy.

Physician.—You can get them at any Druggists. Call
for Cephalic Pills. I find they never fail, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall
tell all my suffering friends, for they are a real bless.

Twenty Millions of Dollars Saved.—Mr. Spalding has sold two millions of bottles of his celebrated Preparci Glue, and it is estimated that each bottle saves at least ten dollars' worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaiming from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Heacaches will soon vanish away like snow in July.

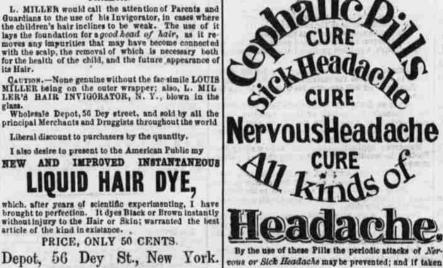

Onick Time and Sure Connections:

Il POVER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint, is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cophalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered which always accompanies and aggravates the disorders condition of the brain.

FACTS WORTH KNOWING.—Spalding's Cephalic Pills are a certain cure for Sick Headache, Billous Headache, Nervous Headache, Costiveness, and General Debility.
